AFFORDABLE PAGEANT DESIGN FOR
ALL AGES & SYSTEMS

I'm Lauren Adelfio, the creative mind behind Pageant Direct Design. At 20 years old, I'm currently a sophomore pursuing a degree in marketing with a minor in sales, focusing on a sales concentration. For the past nine years, I've honed my skills as a graphic designer, and in 2020, I took the leap to establish my own graphic design business.

My journey into entrepreneurship was inspired by my passion for pageantry and graphic design. My business enables me to provide financial support for my active involvement in pageant competitions, particularly within the esteemed National American Miss organization. My commitment to the pageant community doesn't stop there; I also serve as a sponsor for over five prominent pageant organizations, including the International Cinderella Pageant, Mrs. Kentucky America, Mrs. Nevada America, and more!

WORKING WITH LAUREN

As an active pageant competitor myself, I intimately understand the needs and desires of fellow contestants. Drawing from this firsthand experience, I specialize in crafting pageant graphics that resonate with your audience and elevate your brand. My unique perspective allows me to create designs that capture the essence of pageantry and effectively communicate your message. Let's collaborate to bring your vision to life and showcase your unique identity in the pageant industry.

It's a privilege to support women of all ages in the pageant industry, inspiring me to excel as both a business owner and an active competitor.
